

Could you make a positive difference to a young person?

We are looking to recruit volunteer Independent Visitors and Advocates, to support children in care and on the edge of care.

Independent Visitors are diverse, unique, dynamic individuals who commit to spending a few hours a month visiting a young person with the hope of building a long term friendship based on shared interests.

Advocates support young people to ensure their thoughts, wishes and feelings are heard when decisions are being made about their future.

Full training is given for both roles and all volunteers will be required to undertake an enhanced DBS check.
