Full Council 29/07/2021

WBC Health & Wellbeing Strategy Consultation and Survey

Agenda item 21/054 4: To receive an update on the review of the Health and Wellbeing Strategy and RESOLVE to respond to the survey as per the recommendation of the Strategy Working Party.

Background

WBC has shared a draft strategy* with parish councils and requested feedback. SMPC's Strategy Working Party (SWP) has reviewed the Health and Wellbeing Strategy, individually and collectively, and are agreed on the proposed response as per document 21/054 4.1.

In summary, the SWP feel it is not possible to support the document provided by WBC as a strategy without significantly more information on the feasibility of many of the initiatives, along with details on funding, implementation and measurables; and new methodologies to overcome issues in the strategy that have previously been addressed without success.

Recommendation

The recommendation of the SWP is therefore to agree with the document as a Vision as opposed to a Strategy, pending provision of the detail needed to support it as such.
