Mortimer 2012 WI Tree Planting

Agenda item 21/042 1. To consider the proposal from Mortimer 2012 WI to plant a tree to commemorate their 10th anniversary and the Queen's Platinum Jubilee and agree details accordingly.

BACKGROUND

Email received 02/11/2021:

Mortimer 2012 WI would like to plant a tree to commemorate our 10th anniversary and incorporate the Queens celebration. We feel that planting a native species tree would be an environmentally friendly thing to do. We would like to plant the tree next Autumn and are making plans to acquire a suitable one.

We would like permission from the Council to do this, any guidance they would like to give us on species and where they would like us to plant it. Once we have the Council's permission we will be able proceed with purchasing/acquiring a suitable tree.
