Roads, Footpaths and Commons 30/06/2022

Commons

Agenda item 22/007 3b: To consider the maintenance work required to maintain the vegetation on Windmill Common alongside Longmoor Lane and resolve that a specification is drawn up and quotes obtained.

Background

The following email was received from West Berkshire Council's Transport and Countryside Team on the 22/06/2022:

We have had an enquiry regarding overgrowth along Longmoor Lane Mortimer Common, our Countryside team have informed us that this section of land is the responsibility of the Parish Council . Can I request that the Parish look into cutting back the vegetation at the earliest opportunity.

As per the photos below, vegetation does appear to be creeping onto the tarmacked area with trees and bushes overhanging the road. :
