

# Greening Mortimer Update

# Phase 1 Results

- 20% of households participated

Participants estimated savings:

- 322 Tonnes of CO<sup>2</sup>
- £186,000

# Going Forward

The Greening Campaign is a Community Owned and Driven Initiative

- Brought to Mortimer and seeded by Parish Council
- Successful Phase 1
- Now fully in Community under MVP

# Phase 2

- Exciting new programme bringing 3 Pillars of support to our community

Space for nature

Home energy savings

Health & Wellbeing

# Pillar 1: Space for Nature

## Nature Needs Our Help

Expert Support to learn the skills needed to change spaces in our community and make a real difference for nature

- Map our community
- Improve existing habitats - create new habitats – link with corridors

# Pillar 2: Home Energy Savings

Supported by The Sustainability Centre, as a Community we will learn how we can:

- Reduce our energy consumption
- Reduce energy bills – save money
- Reduce our carbon footprint – impact on the planet

# Pillar 3: Health & Wellbeing

Supported by a Health Professional, as a Community we will learn how we can keep active and well

- Coping with higher temperatures
- Mental health affected by fears for the future
- Staying safe in changing times

# Thermal Imaging Update

- Our Apologies
- Addresses and Group Co-ordinators still needed
- Full Update Shortly
- Restart late autumn
