Subject: RE: Dog poo bin emptying Mortimer

Hello Sallyann

Thank you for your email.

I've had a look at another of our maps to check the dog bin count in Mortimer.

To confirm : we don't empty any dog bins in Mortimer.

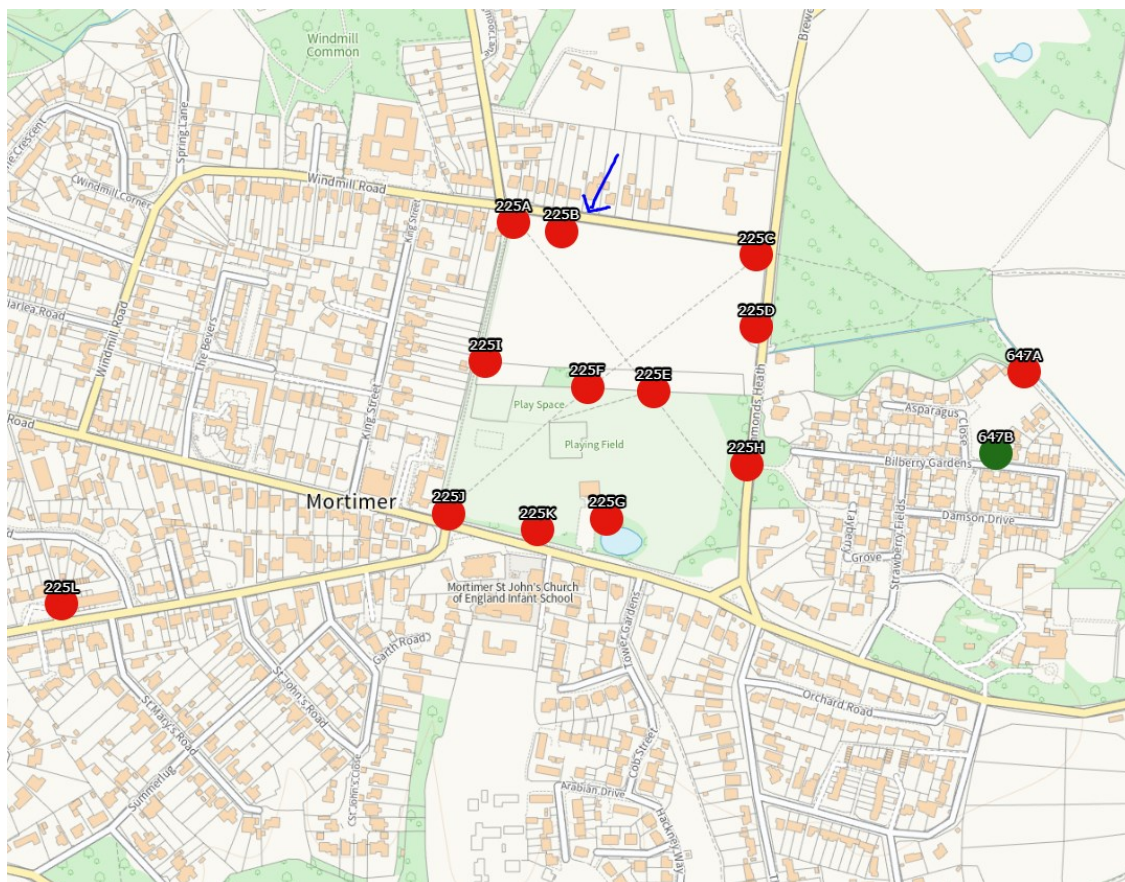

We used to empty them on behalf of the PC, hence being marked on the map and the numbering system.

The PC opted out of our service several years ago.

There are still 15 dog bins on the map , but I think bin 225B no longer exists. Can you confirm this and I will remove it from the mapping (or which ever bin is incorrect)

We do still look after the play area in Strawberry Fields and empty the litter bin 647B, however, this only seems to fill with dog waste so we are considering remove the bin altogether.

Would the PC consider taking on this bin ?

Any queries, please do give me a shout.

Kind regards

Caroline
