## Roads, Footpaths, and Commons 06/02/2025

### SID Procurement

#### Agenda item 24/031 2.2: To:

To consider the quotes received for the procurement of additional SID devices and agree on the preferred option.

#### Summary

In the meeting the Full council on 9 January 2025 the budget was resolved, £4000.00 was reserved for 'Amount allowed for the purchase and installation of fixed speeding devices.' Below is research undertaken for a Smiley activated message (SAM) speed indicator device (SID).

**3 companies have been approached for quotes:**

#### Message Maker

Company Message Maker have provided two quotations for SAM SID, one is for a solar powered only device and one is for a battery powered only device, please note upon speaking to them they recommended to use a battery powered SID if the device is intended to be repeatedly moved around the village and not kept in one space.

- A. Device with solar power- **£3,490.00** ex VAT plus £40.98 ex VAT.
- B. Device with battery power and universal clamps to be used on existing highways furniture or existing tripod- **£2,835.98** ex VAT.

#### Start Safety

Company Start Safety have provided 2 quotes and a brochure.

- A. Evolis Vision Speed Radar Sign c/w full solar kit and 2 batteries **£2,400.00** ex VAT.
- B. Evolis Vision Speed Radar Sign Battery **£2,300.00** ex VAT

## Traffic Technology

Company Traffic Technology have provided a brochure with quotations built in, note the costs in the brochure exclude power supplies (battery or solar), these are deemed additional extras and can be found on page 9 of the brochure. The cost for the SAM SID is Guideline Price **£2,350.00** (Excludes solar panel, secure padlock, installation kit, battery, battery cable and Android tablet. Please note mains power option is available). The guideline price for a battery, battery charger, bracket for highways street furniture, and padlock would be an additional **£384.00**.
