Impacts on local watercourses not considered

The templates below are example statements to help guide your objection—please adapt them and express the points in your own words

- ‘The allocation makes no reference to potential effects on nearby streams and watercourses, which are ecologically sensitive and play a vital role in local flood management.’
- ‘Watercourse impacts must be assessed early as part of a sound evidence base. Their omission renders the proposal incomplete and potentially harmful.’
- ‘Increased hard surfacing and runoff from 350 homes could significantly alter flow patterns, yet the Plan provides no modelling or mitigation.’
- ‘The lack of hydrological assessment fails to meet environmental safeguards required under national guidance.’
- ‘Watercourses form part of the village’s ecological network; ignoring their protection is incompatible with sustainable development.’
