

District Councillor report – for information only

March 2026

Since the last report, I have undertaken various district councillor duties including casework, attendance at group meetings and liaison with officers. Much of my time has been spent on the proposed housing allocations of 350 homes at Mortimer West End, working with staff and political leaders on this. I took leave for just over two weeks in February.

Meetings attended include full council on 26 Feb at which the budget was discussed at length and approved.

Parish councillors or residents wishing to raise district-level matters are welcome to contact me directly.

Nick Carter

West Berks District Councillor for Burghfield and Mortimer
