##### 25/214 Minutes of last meeting

The Minutes of the Planning and Highways Committee Meeting held on 12 March were received with no amendments and resolved for signature by the Chairman as a true record of the meeting.

## **25/215 Chairman's remarks**

Cllr Todd had no remarks.

## **25/216 Items to be taken into private session**

Not needed.

## **25/217 Highway items for consideration**

- 1 To discuss the state of St John's Road after a presentation was received from the newly formed road maintenance committee for St John's residents.**

Three members of the public addressed the committee to request support. A St John's Road Residents' Committee had been formed, had met with Michael Jewell, and had agreed on a phased plan to improve the condition of St John's Road. They are also seeking financial contributions from St John's residents to help fund the work.

However, some residents are reluctant to contribute to a repair fund and have asked whether the Planning and Highways Committee could write to residents and frontage shops to encourage participation. Suggested wording for the letter will be provided by the resident's committee.

## **25/218 Steering Group Reports**

- 1 To receive an update from the Neighbourhood Plan Steering Group (NPSG).**

Cllr Todd reported that planning consultants Bell Cornwell are currently finalising the policies following comments received from West Berkshire Council. The NPSG expects to begin Regulation 14 consultation in approximately eight weeks.

- 2 To receive an update from the Basingstoke and Deane Local Plan Steering Group.**

Cllr Kilshaw reported that all the representations are available on the Basingstoke and Deane consultation portal. There were a total of 1234 objections for SPS5.15: Land at West End Farm, Mortimer. In total there were around 5,000 responses. The consultation highlighted significant concerns about infrastructure capacity, particularly water supply, raised by key bodies including the Environment Agency, Natural England and Southeast Water. A revised timetable will be set once the scale of work required is understood.

## **25/219 Planning Items for consideration**

- 1 To consider the response received from West Berkshire Council Planning Enforcement in relation to enforcement enquiry 25/00259/05NOAC concerning the windows at Lime Tree Cottage, and to determine any further action required.**

Cllrs Bridgman and Todd both disagreed with the WBC Planning Enforcement decision that the windows could be changed under permitted development. The replacement windows do not include glazed bars, and both councillors felt that the new windows should be like-for-like with the originals. Cllr Todd to agree a wording to go back to Planning Enforcement.

- 2 To consider the response from West Berkshire Council regarding the retaining wall in Tower Gardens and decide next steps.**

Cllr Bridgman reported that he had heard back from WBC and that, subject to the retaining wall being properly constructed and maintained up to the point of transfer, WBC would take over the management of the open space, including the retaining wall. The representative of TA Fisher would prefer this as a solution rather

than giving each relevant property responsibility for a portion of the wall below them. Cllr Bridgman to write back to WBC.

#A discussion was held about the TPO issued by the Tree officer of WBC. The representative from TA Fisher said the TPO would involve moving the car park to the South. TA Fisher to provide the committee with their views via email. ### 2 To receive a speeding report on the Smiley SIDS

The speeding report was received. Cllr Dennett reported that the 24 hours data received from the Smiley SIDS has shown that the speeding problem is worse than was first thought. Cllr Dennett believes the Smiley SIDs are causing the majority of drivers to slow down. It is possible to ascertain this as the Smiley SIDs capture the driver's speed at 3 stages along the monitoring length of road and taken together these indicate a slowing after the SID is first seen.

Cllr Child suggested the 30mph sign along West End Road be moved closer to Mortimer West End as there is a lot of speeding along that stretch of road. It was suggested to reach out to WBC Highways to see what street furniture could help to address the problem. Cllr Dennett will prepare some bullet points for Cllr Todd to help her write to WBC. Cllr Dennett also reported that he and Cllrs Bridgman and Child had attended a road safety session at WBC and learnt that WBC has other data we can tap into.

There is also a new SID policy coming which will need to be discussed at the next Planning and Highways Committee meeting where highways issues are discussed.

It was suggested to have a speeding report in the annual news bulletin in June and ask for volunteers.
